Day 9

Date	/	/
Page No.		

Student name - Harshwardhan
Course - B.E C.S.E Cybersecurity
DSIC -> Mr. Yogiraj Bhale
Location of visit -> Dhundhwa
Module -> understanding rural and local Economy and livelihood
UID -> 24BCY70246
Sem/sec -> 3rd/
Date/Day -> 19th June / Thursday
Day/Activity -> Activity 9
Time of arrival -> 10:00 AM
Time of departure -> 01:00 PM

- > Activity -> A study on agriculture farming practices in rural areas or innovative and sustainable farming practices
- > Objective -> study income source from farming and seasonal employment trends
- > Outcome -> understood crop based income cycle.

- > Activity Done today -> I visit village Dhundhwa and interacted with local farmers & households & collected data on major crops (wheat, paddy and sugarcane) and income dependency on agriculture produce. I discuss challenges faced during non-cropping season and how families cope through alternative days with work like construction & labour. I observed seasonal migration patterns among male youth. I also visit few local markets

- > Reflection -> This visit highlighted how farming is backbone of rural life, but seasonal gap push families towards unstable jobs. better support system for advance training needed.
